SOS-PROJECT

Dear Friends,

Under the SOS project we want to introduce you to 48 year old Lena. She lives together with her husband in a one room flat in a dormitory in Tyvrov.

Lena grew up as an orphan. From her childhood she suffers from a very serious heart defect. 10 years ago she suffered a major stroke and from that time is paralyzed and confined to a wheel chair.

Lena's husband is also an invalid and has had both feet amputated. Lena's disability income is only 226 UHA (about 10 \$) per month!

Lena and her husband are in great need. They need clothing, food and medicine which at least partially relieves their suffering and sickness.
